Since the establishment of the Board in 1894, the fees received from applicants for registration, renewals and certified statements, and interest on deposits, and paid into the treasury of the Commonwealth, amount to \$232,107.56. The expenditures of the Board amount to \$215,075.20. In dollars and cents, therefore, the Commonwealth has received \$17,032.36 in excess of the total amount expended.

Two hundred and forty limited registrations and twenty-three registrations by virtue of registration with the National Board have been granted. The number of persons applying for registration through examination, for the first time this year, is 280, all of whom have been examined except 5. In addition, there were 49 who had failed in previous examinations, making the total of applicants examined 324, as shown in the following table, with percentages:

Applications for registration must be made upon blanks furnished by the Board, and must be accompanied by two photographs of the applicant; said photographs must be size $3\frac{1}{4}$ by $4\frac{1}{4}$ inches. One of the photographs must be certified by the dean or registrar of the medical school from which the applicant is graduated, or by a person authorized to administer oaths, and who is known to this Board. All applications, together with the required fee of \$25.00, and the required vouchers, must be filed not less than seven days before the date of examination.

On receipt of an application properly executed, a ticket of admission is issued to the applicant, showing his application number and the date and place of the examination. One of the photographs submitted with the application is also returned with the card, and the number of the application is designated on the photograph, and both card and photograph must be presented by the applicant at the time of the examination. No one is admitted except by card bearing date and place of the examination. Cards are issued to rejected applicants entitled to a re-examination upon payment of a fee of \$3.00, when applied for not later than Tuesday of the week next preceding the date of an examination. Three examinations yearly are provided by law, beginning respectively, on the second Tuesday in March, July and November.

The examinations are conducted in the English language only as required by law, and are intended to cover substantially the instruction given in the high-grade medical schools in this country. The subjects on which the examinations are principally conducted are anatomy and histology, pathology, bacteriology, surgery, obstetrics and gynecology, diagnosis and therapeutics, pediatrics and toxicology, psychiatry, biology, chemistry and physics.

The Board feels that the amount of time required of its services, as compared with that required at the time of its organization, warrants an increase in the salaries of its members. Since its organization in 1894, there has been no change in salaries of Board members.

The Board has been in actual session twenty days; has conducted twenty-eight hearings; revoked ten certificates of registration, and suspended four. The time given by the individual members of the Board in rating examinations books is not included in the twenty days devoted to Board meetings.

There have been two changes in the personnel of the Board this year. Dr. Charles E. Prior of Malden, who had served both as Chairman and Secretary of the Board, died in April, and Dr. Horace D. Arnold was appointed to fill his unexpired term.

Dr. John M. Birnie of Springfield was elected President of the Massachusetts Medical Society in June, and resigned from the Board to fill the office to which he had been elected. Dr. Irving J. Walker was appointed to fill his unexpired term.

REGISTRATION OF CHIROPODISTS.

The Board has examined eighteen applicants for registration, fifteen of whom were registered and one rejected twice. Each examination has occupied one full day. The written exercises are conducted in the State House, and the practical demonstrations under the supervision of Messrs. Kenison and Pettingill at the School of Chiropody. Each applicant is required to provide his own equipment for the practical work and to furnish a patient upon whom to demonstrate his fitness for practice.

Drs. Corr, Vaughan, and Sylvester have represented the Board of Registration in Medicine, and the Messrs. Kenison and Pettingill the chiropodists in this work.

There were 460 chiropodists who took out annual renewal registration certificates for the year 1927.

A list of the physicians and chiropodists registered during the year will be found in the Appendix.

Respectfully submitted,

CHARLES P. SYLVESTER, M.D., *Chairman.*

FRANK M. VAUGHAN, D.O., *Secretary.*

IRVING J. WALKER, M.D.

FRANCIS X. CORR, M.D.
